This tour is focused on the defensive and political challenges faced by Dubrovnik in its struggle to survive as a tiny (yet prosperous) independent republic facing serious threats from powerful and dangerous enemies.

This tour also covers the Croatian War of Independence (1990s). Over the centuries both the walls and Dubrovnik held firm. Who were the enemies of Dubrovnik? How did Dubrovnik defend itself?

Your guide will take you on top and around the Walls where he/she will answer all these questions and more. Due to the steep parts of the walls and stairs, this tour may not be suitable for everyone.
